Declaration

As a below named inventor, I hereby declare that :
My residence and citizenship are as stated below next to my name.

I believe we are the original, first and joint inventors of the subject matter which is claimed and for which a patent is sought on the invention entitled :
A method of analysis of carboxylic acid by mass spectrometry
The specification of which is attached hereto.

I further state that I do not know and do not believe that the above-named invention has been known or used in the United States before my invention thereof, or patented or described in any printed publication in any country before my invention thereof, or more than one year prior to this application, or in public use or on sale in the United States more than one year prior to this application; that the invention has not been patented or made the subject matter of any inventor's certificate in any country foreign to the United States on an application filed by me or my legal representatives or assigns more than six months prior to this application; and that no application for patent or inventor's certificate on the invention has been filed by me or my legal representatives or assigns in any country foreign to the United States, except as identified below .

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims (if included), as amended by any amendment if applicable.

I acknowledge the duty to disclose to the Office all information known to me to be material to patentability as defined in Title 37, Code of Federal Regulations, Section 1.56.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States code and that such willful statements may jeopardize the validity of the application or any patent issued thereon
